AUTHOR INDEX

Aliev, G.A. (Baku, U.S.S.R.)
Return of ashy elements into soil in various ecological conditions of the broadleaved forests of the eastern Caucasus (Azerbaijan S.S.R.). 69
Alonso, J.J., see Carbajal, H. et al.
Amiel, A., see Banin, A. and Amiel, A.
Angino, E.E. (Lawrence, Kans., U.S.A.)
Book review of "Thermoluminescence of Geological Materials" by D.J. McDougall (Editor) 181
Andriesse, J.P. (Sarawak, East Malaysia)
The development of the podzol morphology in the tropical lowlands of Sarawak (Malaysia). 261
Banin, A. and Amiel, A. (Rehovot, Israel)
A correlative study of the chemical and physical properties of a group of natural soils of Israel 185
Benayas, J., see Carbajal, H. et al.
Bhandari, G.S., Maskina, M.S. and Randhawa, N.S. (Hissar, India)
A study of humic and fulvic fractions of some soils of different agro-climatic regions of the erstwhile Punjab 239
Bobritzkaya, M.A. (Moscow, U.S.S.R.)
Mögliche Verluste von NPK mit durchsickernden Wassern in Böden . . . 63
Brinkman, R. (Lahore, Pakistan)
Ferrolysis, a hydromorphic soil forming process 199
Bronger, A. (Kiel, Deutschland)
Zur Mikromorphohenese und zum Tonmineralbestand Quartärer Lössböden in Südbaden 281
Buringh, P. (Wageningen, The Netherlands)
Book review of "The Soil Resources of Tropical Africa" by R.P. Moss (Editor) 175
Carbajal, H., Benayas, J., Garcia Vicente, J. and Alonso, J.J. (Madrid, Spain)
Contact-microradiography as applied to the distribution of iron and manganese in thin sections of a Mediterranean brown soil 133
Cornfield, A.H., see Premi, P.R. and Cornfield, A.H.
Davies, B.E. and Gamm, S.A. (Aberystwyth, Great Britain)
Trend surface analysis applied to soil reaction values from Kent, England 223
Dudas, M.J. and Pawluk, S. (Edmonton, Alta., Canada)
Naturally occurring organo-clay complexes of orthic black chernozems. 5
Dudas, M.J. and Pawluk, S. (Edmonton, Alta., Canada)
Chernozem soils of the Alberta Parklands 19
Faller, N. und Herwig, K. (Giessen, Deutschland)
Untersuchungen über die SO_2-Oxydation in verschiedenen Böden. 45
Fassbender, H.W., Müller, L. und Roldan, J.A. (Turrialba, Costa Rica)
Physikalisch-chemische Interpretation der Phosphatformen und ihre Beziehungen zur Pflanze in Böden Zentralamerikas 147
Gamm, S.A., see Davies, B.E. and Gamm, S.A.
Garcia Vicente, J., see Carbajal, H. et al.
Jackson, M.L. (Madison, Wisc., U.S.A.)
Book review of "Clay in Engineering Geology" by J.E. Gillott 179
Herwig, K., see Faller, N. und Herwig, K.
Kellogg, C.E. (Washington, D.C., U.S.A.)
Book review of "Reclamation and Cultivation of Peat-Bog Soils" by S.G. Skoropanov 259
Khan, S.U. (Lacombe, Alta., Canada)
Humic acid fraction of a gray wooded soil as influenced by cropping systems and fertilizers 247

Kowalinski, S. (Wroclaw, Poland)
Interdependence between micromorphological and chemical properties in some zonal soils of the Karkonosze Mountains (Poland). 89
Krishna Murti, G.S.K., see Sarma, V.A.K. and Krishna Murti, G.S.K.
Mackenzie, A.F. (Quebec, Que., Canada)
Book review of "Role of Potassium in Agriculture" by E.J. Kilmer, S.E. Younts and B.C. Brady (Editors) 329
Maskina, M.S., see Bhandari, G.S. et al.
Mato, M.C. and Méndez, J. (Santiago de Compostela, Spain)
Inhibition of indoleacetic acid-oxidase by sodium humate 255
Méndez, J., see Mato, M.C. and Méndez, J.
Mortland, M.M., see Raman, K.V. and Mortland, M.M.
Müller, L., see Fassbender, H.W. et al.
Nalovic, L. (Tananarive, Madagascar) et Pinta, M. (Bondy, Madagascar)
Recherches sur les éléments-traces dans les sols tropicaux: étude de quelques sols de Madagascar. 117
Pawluk, S., see Dudas, M.J. and Pawluk, S.
Peinemann, N., see Tschapek, M. and Peinemann, N.
Pinta, M., see Nalovic, L. et Pinta, M.
Premi, P.R. and Cornfield, A.H. (London, Great Britain)
Effects of copper, zinc and chromium on immobilization and subsequent re-mobilization of nitrogen during incubation of soil treated with sucrose 233
Randhawa, N.S., see Bhandari, G.S. et al.
Raman, K.V. and Mortland, M.M. (East Lansing, Mich., U.S.A.)
Amorphous materials in a spodosol: mineralogical and chemical properties. 37
Rennie, D.A. (Vienna, Austria)
Book review of "The Reclamation of Solonets Soils in the U.S.S.R." by I.V. Tyurin, I.N. Antipov-Karataev and M.G. Chizhevskii (Editors). . . . 259
Roldan, J.A., see Fassbender, H.W. et al.
Sarma, V.A.K. and Krishna Murti, G.S.K.
Plumbogummite minerals in Indian soils 321
Sevink, J. and Vink, A.P.A. (Amsterdam, The Netherlands)
Some banded soils of the southern Veluwe (The Netherlands) 157
Schwertmann, U. (West Berlin, Deutschland)
Der Einfluss einfacher organischer Anionen auf die Bildung von Goethit und Hämatit aus amorphen Fe(III)-Hydroxid. 207
Takkar, P.N. (Vollebekk, Norway)
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India). 215
Tschapek, M. and Peinemann, N. (Bahia Blanca, Argentina)
Water adsorption by soil at 105°C and exactness of water content determinations 55
Vink, A.P.A., see Sevink, J. and Vink, A.P.A.
Webber, J. (Leeds, Great Britain)
Book review of "Soil Testing and Plant Analysis" by G.W. Hardy (Editor) 330
Wiklander, L. (Uppsala, Sweden)
The content of mercury in Swedish ground and river water 75
Yaalon, D.H. (Jerusalem, Israel)
Book review of "Soils of the Desert Zone of the U.S.S.R." by E.V. Lobova 176

SUBJECT INDEX

Alluvial soils
Plumbogummite minerals in Indian soils (V.A.K. Sarma and G.S.R. Krishna Murti) . . . 321

Book reviews
J.E. Gillott, "Clay in Engineering Geology" . . . 179
G.W. Hardy (Editor), "Soil Testing and Plant Analysis" . . . 330
E.J. Kilmer, S.E. Younts and B.C. Brady (Editors), "Role of Potassium in Agriculture" . . . 329
E.V. Lobova, "Soils of the Desert Zone of the U.S.S.R." . . . 176
R.P. Moss (Editor), "The Soil Resources of Tropical Africa" . . . 175
D.J. McDougall (Editor), "Thermoluminescence of Geological Materials" . . . 181
S.G. Skoropanov, "Reclamation and Cultivation of Peat-Bog Soils" . . . 259
I.V. Tyurin, I.N. Antipov-Karataev and M.G. Chizhenskeii (Editors), "The Reclamation of Solonets Soils in the U.S.S.R." . . . 259

Canada
Naturally occurring organo-clay complexes of orthic black chernozems (M.J. Dudas and S. Pawluk) . . . 5
Chernozem soils of the Alberta Parklands (M.J. Dudas and S. Pawluk) . . . 19
Humic acid fraction of a gray wooded soil as influenced by cropping systems and fertilizers (S.U. Khan) . . . 247

Central America
Physical-chemical identification of the phosphate forms in Central American soils and their relationship to plants (H.W. Fassbender, L. Müller and J.A. Roldan) . . . 147

Chernozems
Naturally occurring organo-clay complexes of orthic black chernozems (M.J. Dudas and S. Pawluk) . . . 5
Chernozem soils of the Alberta Parklands (M.J. Dudas and S. Pawluk) . . . 19

Computer applications
A correlative study of the chemical and physical properties of a group of natural soils of Israel (A. Banin and A. Amiel) . . . 185
Trend surface analysis applied to soil reaction values from Kent, England (B.E. Davies and S.A. Gamm) . . . 223

Cropping systems
Humic acid fraction of a gray wooded soil as influenced by cropping systems (S.U. Khan) . . . 247

Ecological studies
Return of ashy elements into soil in various ecological conditions of the broad-leaved forests of the Eastern Caucasus (Azerbaijan S.S.R.) (G.A. Aliev) . . . 69
Humic acid fraction of a gray wooded soil as influenced by cropping systems and fertilizers (S.U. Khan) . . . 247

Experimental studies
Water vapor adsorption by soil at 105°C and exactness of water content determinations (M. Tschapek and N. Peinemann) . . . 55
The influence of various simple organic anions on the formation of goethite and hematite from amorphous ferric hydroxide (U. Schwertmann) 207

Effects of copper, zinc and chromium on immobilization and subsequent re-mobilization of nitrogen during incubation of soil treated with sucrose (P.R. Premi and A.H. Cornfield) 233
Inhibition of indoleacetic acid-oxidase by sodium humate (M.C. Mato and J. Méndez) 255

Ferrolysis
Ferrolysis, a hydromorphic soil forming process (R. Brinkman) 199

Fertilizers
Possible loss of NPK through seepage of water in soils (M.A. Bobritzkaya) 63
Humic acid fraction of a gray wooded soil as influenced by cropping systems and fertilizers (S.U. Khan) 247

Germany
On the micromorphogenesis and mineralogical composition of the clay fraction in Quaternary loess soils in southern Baden (A. Bronger) 281

Geomorphology
The development of the podzol morphology in the tropical lowlands of Sarawak (Malaysia) (J.P. Andriesse) 261

Gray-brown podzolic soils
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India) (P.N. Takkar) 215

Great Britain
Trend surface analysis applied to soil reaction values from Kent, England (B.E. Davies and S.A. Gamm) 223

India
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India) (P.N. Takkar) 215
A study of humic and fulvic fractions of some soils of different agro-climatic regions of the erstwhile Punjab (G.S. Bhandari, M.S. Maskina and N.S. Randhawa) 239
Plumbogummite minerals in Indian soils (V.A.K. Sarma and G.S.R. Krishna Murti) 321

Iron
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India) (P.N. Takkar) 215
Contact-microradiography as applied to the distribution of iron and manganese in thin sections of a Mediterranean brown soil (H. Carbajal, J. Benayas, J. Garcia Vicente and J.J. Alonso) 133

Israel
A correlative study of the chemical and physical properties of a group of natural soils of Israel (A. Banin and A. Amiel) 185

Humic acid studies
Inhibition of indoleacetic acid-oxidase by sodium humate (M.C. Mato and J. Méndez) 255
Humic acid fraction of a gray wooded soil as influenced by cropping systems and fertilizers (S.U. Khan) 247

Loess soils
Some banded soils of the southern Veluwe (The Netherlands) (J. Sevink and A.P.A. Vink) 157
On the micromorphogenesis and mineralogical composition of the clay fraction in Quaternary loess soils in southern Baden (A. Bronger) 281

Madagascar
Study of trace elements in some tropical soils of Madagascar (L. Nalovic and M. Pinta) 117

Malaysia
The development of the podzol morphology in the tropical lowlands of Sarawak (Malaysia) (J.P. Andriesse) 261

Manganese
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India) (P.N. Takkar) 215
Contact-microradiography as applied to the distribution of iron and manganese in thin sections of a Mediterranean brown soil (H. Carbajal, J. Benayas, J. Garcia Vicente and J.J. Alonso). 133

Meadow forest soils
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India) (P.N. Takkar) 215

Mediterranean brown soils
Contact-microradiography as applied to the distribution of iron and manganese in thin sections of a Mediterranean brown soil (H. Carbajal, J. Benayas, J. Garcia Vicente and J.J. Alonso). 133

Mercury
The content of mercury in Swedish ground and river water (L. Wiklander) 75

Mineralogical studies
Amorphous materials in a spodsol: mineralogical and chemical properties (K.V. Raman and M.M. Mortland) 37
On the micromorphogenesis and mineralogical composition of the clay fraction in Quaternary loess soils in southern Baden (A. Bronger) 281
Plumbogummite minerals in Indian soils (V.A.K. Sarma and G.S.R. Krishna Murti) 321

Nitrogen
Effects of copper, zinc and chromium on immobilization and subsequent re-mobilization of nitrogen during incubation of soil treated with sucrose (P.R. Premi and A.H. Cornfield) 233

Non-calcic brown soils
Distribution of iron and manganese in meadow forest, non-calcic brown and gray-brown podzolic soils of the Himachal Pradesh (India) (P.N. Takkar) 215

Pakistan
Ferrolysis, a hydromorphic soil forming process (R. Brinkman) 199

Plumbogummite
Plumbogummite minerals in Indian soils (V.A.K. Sarma and G.S.K. Krishna Murti). 321

Podzols
Interdependence between micromorphological and chemical properties in some zonal soils of the Karkonosze Mountains (Poland) (S. Kowalinski) . 89
The development of the podzol morphology in the tropical lowlands of Sarawak (Malaysia) (J.P. Andriesse) 261

Poland
Interdependence between micromorphological and chemical properties in some zonal soils of the Karkonosze Mountains (Poland) (S. Kowalinski) . 89

Phosphates
Physical-chemical identification of the phosphate forms in Central American soils and their relationship to plants (H.W. Fassbender, L. Müller and J.A. Roldan) 147

Quaternary
Some banded soils of the southern Veluwe (The Netherlands) (J. Sevink and A.P.A. Vink) 157
On the micromorphogenesis and mineralogical compostion of the clay fraction in Quaternary loess soils in southern Baden (A. Bronger) 281

Soil chemistry
Studies of SO_2-oxidation in different soils (N. Faller and K. Herwig). . . 45
Water vapor adsorption by soil at 105°C and exactness of water content determinations (M. Tschapek and N. Peinemann) 55
Possible loss of NPK through seepage of water in soils (M.A. Bobritzkaya) 63
The content of mercury in Swedish ground and river water (L. Wiklander). 75
Interdependence between micromorphological and chemical properties in some zonal soils of the Karkonosze Mountains (Poland) (S. Kowalinski) . 89
Study of trace elements in some tropical soils of Madagascar (L. Nalovic and M. Pinta) 117
Physical-chemical identification of the phosphate forms in Central American soils and their relationships to plants (A.W. Fassbender, L. Müller and J.A. Roldan) 147
The influence of various simple organic anions on the formation of goethite and hematite from amorphous ferric hydroxide (U. Schwertmann) 207
Effects of copper, zinc and chromium on immobilization and subsequent re-mobilization of nitrogen during incubation of soil treatment with sucrose (P.R. Premi and A.H. Cornfield) 233

Soil hydrology
Possible loss of NPK through seepage of water in soils (M.A. Bobritzkaya) 63
The content of mercury in Swedish ground and river water (L. Wiklander) 75
Ferrolysis, a hydromorphic soil forming process (R. Brinkman). 199

Soil morphology and micromorphology
Chernozem soils of the Alberta Parklands (M.J. Dudas and S. Pawluk) . . 19
Interdependence between micromorphological and chemical properties in some zonal soils of the Karkonosze Mountains (Poland) (S. Kowalinski) . 89

Contact-microradiography as applied to the distribution of iron and manganese in thin sections of a Mediterranean brown soil (H. Carbajal, J. Benayas, J. Garcia Vicente and J.J. Alonso). 133
Some banded soils of the southern Veluwe (The Netherlands) (J. Sevink and A.P.A. Vink). 157
The development of the podzol morphology in the tropical lowlands of Sarawak (Malaysia) (J.P. Andriesse) 261
On the micromorphogenesis and mineralogical composition of the clay fraction in Quaternary loess soils in southern Baden (A. Bronger) 281

Spain
Contact-microradiography as applied to the distribution of iron and manganese in thin sections of a Mediterranean brown soil (H. Carbajal, J. Benayas, J. Garcia Vicente and J.J. Alonso). 133

Statistical studies
A correlative study of the chemical and physical properties of a group of natural soils of Israel (A. Banin and A. Amiel). 185
Trend surface analysis applied to soil reaction values from Kent, England (B.E. Davies and S.A. Gamm) 223

Sweden
The content of mercury in Swedish ground and river water (L. Wiklander) 75

The Netherlands
Some banded soils of the southern Veluwe (The Netherlands) (J. Sevink and A.P.A. Vink). 157

Trace elements
The content of mercury in Swedish ground and river water (L. Wiklander) 75
Study of trace elements in some tropical soils of Madagascar (L. Nalovic and M. Pinta) 117
Effects of copper, zinc and chromium on immobilization and subsequent re-mobilization of nitrogen during incubation of soil treated with sucrose (P.R. Premi and A.H. Cornfield) 233

Trend surface analysis
Trend surface analysis applied to soil reaction values from Kent, England (B.E. Davies and S.A. Gamm) 223

Tropical soils
Study of trace elements in some tropical soils of Madagascar (L. Nalovic and M. Pinta) 117

U.S.S.R.
Possible loss of NPK through seepage of water in soils (M.A. Bobritzkaya) 63
Return to ashy elements into soil in various ecological conditions of the broadleaved forests of the eastern Caucasus (Azerbaijan S.S.R.) (G.A. Aliev) 69

Vertisols
Plumbogummite minerals in Indian soils (V.A.K. Sarma and G.S.R. Krishna Murti) 321
